

# 2022-23 Studio Policy

## ***Welcome to the Bartle Guitar Studio!***

I look forward to helping you reach your individual musical goals. As you progress through your lessons, you will acquire musical skills and techniques that can be applied to a wide musical repertoire. I teach acoustic and classical guitar, music theory, and keyboard theory to students ages five to adult.

Materials: Students are to bring a guitar and music books to each lesson. It is recommended that you communicate with me prior to purchasing a guitar, books, and music supplies. A substandard instrument or instrument that is not the correct size can impede student learning. I will research the current market and make recommendations for buying a quality, affordable instrument. In addition, students will need to have a guitar tuner, guitar footstool, and music stand for home practice.

Practicing: It is recommended that students practice consistently at a regular time at least five days a week and that a well-lit, distraction-free practice area be set up in your home with a music stand, guitar footstool, and supportive chair or bench. Parents can assist their children with establishing a practice routine. Students should focus on practicing the repertoire covered during each lesson in determining the daily amount of time needed to practice.

Recitals: Students are encouraged to participate in the recitals that are scheduled throughout the year. Performances take place in community-based settings and frequently occur in conjunction with the Foothills Music Teacher Association. Recitals give students the opportunity to work towards goals, meet fellow musicians, and strengthen public performance skills.

Summer Months: During the summer months, it is highly recommended for students to maintain a consistent lesson and practice schedule. Summer can be a wonderfully productive time for practice without the obligations of the academic school year. Lessons will be scheduled around vacations and summer camps on a flexible per-lesson basis.

## 2022-23 Tuition & Fees\*

Students are enrolled for the academic school year on a tuition basis from August 15, 2022 to May 26, 2023. Tuition is based on a 37-week teaching year plus three recital opportunities. Students starting mid-month will be charged on a prorated schedule based on the number of lessons left in the month.
